Hire fee includes:

Comprehensive insurance & roadside assistance. Mileage charges run from mile 1, no included miles.

Hirer is responsible for mileage charge as shown, and also for damages up to the insurance excess.

Excess is taken on credit or debit card (or cash), and credited at the end of the hire period subject to any damages and to the appropriate mileage charge.

Roadside assistance is provided by the AA (biggest UK provider) and includes a short recovery service, available from most of mainland Britain. Particularly remote locations and/ or longer recovery journeys and recovery back to our base may incur extra charges payable by the hirer at the time they are required. These extra charges, when and if required, can be made refundable by us for a waiver fee of £7.50 per hire day when paid at the start time of the hire. For the avoidance of doubt, cost of recovery to our base over 50 miles is the hirer's responsibility unless this fee is paid. Cost of recovery up to 50 miles is included. Hire is restricted to mainland Britain and the Hebridean Islands (eg. Skye, Lewis, Mull, Arran) and specifically excludes Ireland (North or South), Shetland, Orkney or anywhere in Europe. We can accommodate hires to the Isle of Man with an additional £500 excess to allow for the event that a recovery is required back to our base in Scotland from the Isle of Man

- No pillion may be carried on our hire insurance under any circumstances
- Minimum 12 months licence validity for all hirers aged 25 to 75 inclusive
- Minimum 24 months licence validity for hirers aged 23 & 24 years old.
- **One off fee of £50 applies for collection of an MV or Suzuki from Kirkcaldy or a Kawasaki from Cupar.**
